

## ***Editorial***

In 2006 the Editorial Board decided to list the names of the best reviewers in the field of different topic areas of Annales Geophysicae. We wish to highlight their contribution for maintaining the high quality of our journal.

For 2008, the Editorial Board selected the following colleague:

Nick Sergis (Office of Space Research and Technology, Academy of Athens, Greece) for Magnetosphere & Space Plasma Physics as the best reviewer in 2008.

I would also like to convey my special thanks for their excellent referee work to:

David Hysell (Cornell University, USA) and Craig Rodger (Otago University, New Zealand), for Ionosphere & Aeronomy

Fran Bagenal (University of Colorado at Boulder, USA), for Magnetosphere & Space Plasma Physics

M. Mahakur (Indian Institute of Tropical Meteorology), for Lower Atmosphere & Climate

Nicolai Erkaev (Russian Academy of Sciences), for Solar Corona & Heliospheric Physics
