

## ***Interactive comment on “Overshoot dependence on the cross-shock potential” by Michael Gedalin et al.***

**Michael Gedalin**

gedalin@bgu.ac.il

Received and published: 22 November 2019

Dear Editor,

This is completely unacceptable. Sometimes editors have to make tough decisions, this is what they are for. At this stage I am asking for a decision (whatever it will be) within two days. If you are not able to make one (which is effectively silent rejection) please consider the paper as withdrawn.

Sincerely yours, Michael Gedalin

**ANGEOD**

Dear Michael Gedalin,

Please be aware that we had to extend the discussion of your following paper in ANGEOD because additional Referee comments are needed:

Title: Overshoot dependence on the cross-shock potential Author(s): Michael Gedalin et al. MS No.: angeo-2019-111 MS Type: Regular paper

The new planned end date is 30 Nov 2019. You are invited to monitor the processing of your manuscript via your MS Overview: [https://editor.copernicus.org/ANGEOD/my\\_manuscript\\_overview](https://editor.copernicus.org/ANGEOD/my_manuscript_overview)

In case any questions arise, please do not hesitate to contact me.

Kind regards,

Natascha Töpfer Copernicus Publications Editorial Support [editorial@copernicus.org](mailto:editorial@copernicus.org)  
on behalf of the ANGEOD Editorial Board
